

WMS2019

Pre-congress teaching course

Copenhagen · Denmark

Rigshospitalet: Auditorium 93, Building 93

Programme

Day 1 Monday 30 September 2019

| | | |
|---------------|--|--|
| 9.00 | Welcome and introduction | <i>Benedikt Schoser</i> |
| 9.00 - 9.30 | How to assess neuromuscular patients? Learning from the clinical history and examination; adult-onset muscle diseases | <i>Benedikt Schoser</i> |
| 9.30 - 10.00 | Clinical muscle examination (live) | <i>NN Physiotherapists Copenhagen</i> |
| 10.00 - 10.45 | How to perform a clinical examination of children Systematic overview of patients presenting with floppy infant syndrome and diagnostic approach | <i>Reghan Foley</i> |
| 10.45 - 11.15 | Coffee break | |
| 11.15 - 12.15 | Value of muscle biopsy and molecular testing in hereditary myopathies | <i>Anders Oldfors / Carola Oldfors</i> |
| 12.15 - 13.15 | Examination of live patients | <i>Neurologists from Copenhagen</i> |
| 13.15 - 14.00 | Lunch | |
| 14.00 - 16.00 | Case presentations of the participants. Presentation of difficult, unusual or unsolved cases by participants. | |
| 16.15 - 16.30 | Coffee break | |
| 16.30 - 18.00 | Hereditary and acquired neuropathies: clinical considerations, diagnostic approach, and treatment (Including live EMG demonstration) | <i>Peter van den Bergh</i> |
| 18.30 - 20.45 | Course dinner (for all attendees and faculty) | |

Day 2 Tuesday 1 October 2019

| | | |
|---------------|---|--|
| 08.30 - 09.15 | Limb girdle and distal muscle weakness, including the value of imaging | <i>John Vissing</i> |
| 09.15 - 09.45 | Metabolic myopathies and rhabdomyolysis | <i>Pascal Laforet</i> |
| 09.45 - 10.15 | Cardiac and respiratory involvement in neuromuscular disorders | <i>Max Damian</i> |
| 10.15 - 10.30 | Coffee break | |
| 10.30 - 11.15 | Treatable neuroimmunological muscular disorders | <i>Werner Stenzel / Benedikt Schoser</i> |
| 11.15 - 12.00 | Update on current biological therapies in myopathies | <i>Kevin Flanigan</i> |
| 12.30 - 13.00 | The Ultimate Muscle & Nerve Quiz by | <i>All faculty</i> |

WMS2019

Faculty members

| Member | Topic |
|------------------------------|---|
| Anders Oldfors, Sweden | General muscle pathology |
| Carola Oldfors, Sweden | Genetics |
| Reghan Foley, USA | Congenital – juvenile myology |
| Max Damian | Cardiac and respiratory involvement |
| Peter van den Bergh, Belgium | Neurophysiology and acquired neuropathies |
| Benedikt Schoser, Germany | Introduction to myology, therapy |
| John Vissing, Denmark | Imaging, Limb girdle myopathies adulthood |
| Vissing Clinic, Denmark | Examination of live patient |
| Pascal Laforet, France | Metabolic myopathies |
| Werner Stenzel, Germany | Treatable muscle disorders |
| Kevin Flanigan, USA | Molecular therapy |
